Accordingly, we expect that all documents and copies of documents produced in connection with this referral, including this letter and emails transmitted to or exchanged with SEC staff, will be kept in a non-public file and that the SEC will maintain the confidentiality of such documents. Should the Commission receive any request pursuant to the Freedom of Information Act for access to the documents produced hereunder, we expect that the SEC will assert all appropriate legal exemptions and privileges and that access to them by any third party not a member of the SEC or its staff will be denied. We further expect to be promptly notified of such request — or any intended public use of these documents — and to be given a reasonable opportunity to object to such disclosure, provide written substantiation of the request for confidential treatment and pursue any remedies that may be available. In such event, we request that the staff telephone the undersigned rather than rely upon the United States mail for such notice. We request that the staff also provide a written copy of such notice by certified mail to the Office of General Counsel, FINRA, 1735 K Street, NW, Washington, DC 20006.

If the Commission makes any of the materials produced hereunder available to another governmental or regulatory authority pursuant to Rule 24c-1 of the Exchange Act, the routine uses of information listed in Form 1661, a memoranda of understanding (MOU) or other such agreement or understanding entered into between the Commission and the requesting authority, it is our expectation that such documents will continue to receive confidential treatment under the Freedom of Information Act, the applicable state information disclosure law, and/or the confidentiality provisions agreed to under the MOU, as well as protection under the Privacy Act of 1974, if applicable.

Finally, until this matter is closed, FINRA has a continuing interest and will take further investigatory and/or other steps as it considers necessary in the discharge of its regulatory and investigatory duties and responsibilities. We understand that, in light of the regulatory and investigatory functions of FINRA, the SEC staff will use its best efforts to comply with FINRA's requests set forth in this letter.

If you have any questions regarding this matter, please contact me at (732) 596-2073.

Sincerely,  

Michael Paulsen
