RE McGinn,Smith & Co Inc
Case No. 1:10-cv-00457-GLS-RET

Dear Honorable David R. Homer:

I have written so many times however here I am again. I see from the website that Receiver Brown and many lawyers are being paid from my money that McGinn and Smith obtained by fraud. Why are they getting any money? This money belongs to the victims.

We were notified in June that a distribution was going to be made, nothing has happen except the receiver and lawyers are paid but not us. It is now September what is the delay?.

When you retire will you be able to live comfortably? Your rulings on this case reflects how we the VICTIMS will live. Right now we are all hurting because our life savings was stolen by McGinn & Smith. Are you and Receiver Brown waiting for us all to die so they don't have to pay us! We are not dead yet and we would like to enjoy our Golden Years that we have left!

If I understand the news articles McGinn and Smith are out on bail, again this is mine and the other victims money. I would like to resind their bail and return this money to us. We should approve of what our money is being used for not the lawyers etc.

We ask and ask you to help, please listen to our pleas!

Yours truly

Monica and Peter Check Jr.

Dear Mr. Brown:

What is happening to our distributions?

You are paid, other lawyers and McGinn and Smith are out on bail. This is our money and we the VICTIMS don't approve of the distribution as it is being paid out now.

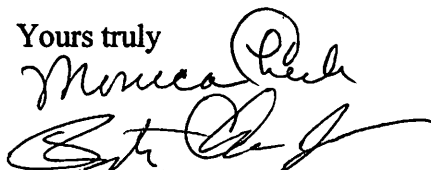

We are paying you and their lawyers and I personally think you are not looking after my best interest. This why I went all my money back!

In my opinion WE the Victims need to be Paid In Full before anyone else!

Are you waiting for the victims to die so you don't have too pay them? We the victims would like to enjoy our Golden Years that we have left and are now being denied of because of McGinn & Smith and the lawyers and others that are enjoying life on our money.

I dislike being so bitter but my next visit is to the food pantry because I can't afford grocery and pay my household bills.

Yours truly

Monica and Peter Check, Jr
