Dear Judge Hummel:

RE: McGinn Smith Victims

Congratulations, on your appointment as Federal Magistrate Judge for the McGinn Smith Fraud Case. I do hope you will be receptive to hearing from the VICTIMS of the McGinn Smith Fraud. We as investors, invested in good faith with McGinn Smith in order to prepare for our retirements and in many instances secure our retirement funds. Instead, they perpetrated fraud upon us. Since then, we have not seen any of our money but only see property sold at a bargain prices, attorney fees paid, expenses for the attorneys and their staffs, etc. The money is leaving us without a say from the individuals who originally invested.

It is time to stop the victimization. We have been victimized three times in this case and it is time to put it to the end. Another victim in Florida invested his entire retirement fund and can barely make his living expenses. This is not right. This is not American Justice

It is time to pay the investors, limit expenses of the attorneys and if investments are left fairly liquidate and support the victims right to have the SEC recognize this FRAUD case and accept it to be covered under Federal Insurance when individuals have been defrauded by professions who reportedly were covered by this insurance.

Do the right thing and put a stop to this perpetual victimization

Sincerely yours,

Jerry L. Lapham

September 11th, 2012.

Dear Judge Hummel,

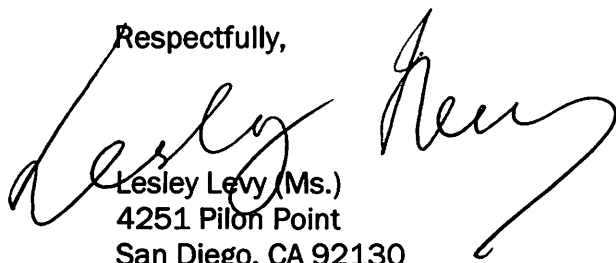

I would like to congratulate you on your new appointment as Federal Magistrate Judge and trust that you will read this letter, hear our voices and assist us, THE VICTIMS, who have been forgotten in the McGinn Smith fraud case. The victims have reason to believe our previous letters all went unread.

It is now September 11th 2012 and WE, the FORGOTTEN VICTIMS, have not seen one cent from the recovered assets. Every month, Mr. Brown presents his bills to the court "Payable upon Receipt". Are the recovered assets meant for Mr. Brown and his team only? At the rate Mr. Brown bills the trust and pays himself and his associates, the trust will be depleted and there will be NOTHING LEFT FOR THE VICTIMS, WHO because of this, CONTINUE TO BE VICTIMIZED. We are NOT the criminals in this situation. We did nothing wrong. We worked for the money that was invested, it was not handed to us, plus we paid taxes on the distributions.

When I write that many of us are in extremely desperate situations, these may be only words to some. However, we are living through a daily hell trying to find the means to survive. Until one has walked in our shoes one does not feel the agony of this terrible situation we have found ourselves in.

We have absolutely no one helping or advocating for us, THE VICTIMS, and would greatly appreciate and respectfully request assistance from the Court in terms of procuring a distribution for which we are entitled.

Respectfully,

Lesley Levy (Ms.)
