LAWRENCE K. BAERMAN, CLERK
ALBANY

Dear Judge Hummel,

I am requesting that this letter be posted on the RECEIVER website.

Many months have gone by and we have yet to receive any good news from the Receiver. I thought the Receiver was going to help us get our investments back from McGinn Smith. **He seems to be only helping himself.** What has happened?

We are waiting and trying to make ends meet just from Social Security. This is not justified the way things are being done. **Is the Receiver really trying to help us or sell us down the muddy river?**

We are poor people that struggled years to save for our retirement. We are from the old school – save for rainy days and we have had much more than that.

THIEVES TOOK OUR MONEY AND IT LOOKS AS THOUGH THIEVES ARE STILL TAKING IT.

Mr. Brown I am sure you get a nice salary as a **RECEIVER** from the SEC and I wonder if you have a heart? Myself and Mr. Nemeth are hurting very bad from the fraud deal that was done to us.

WHEN WILL JUSTICE BE DONE?

Remember, Mr. Brown, I don't have a computer access so please respond by mail or phone call. As yet you have done neither.

Sincerely

Robert Nemeth & Ilene Nemeth
