Hon. Christian F. Hummel, U.S. Magistrate Judge
James T. Foley U.S. Courthouse
445 Broadway, Room 441
Albany, NY 12207

Dear Judge Hummel,

When is enough enough?

We, the taxpayers, retirees, victims, and unsuspecting investors have been defrauded by all those who could take advantage of us.

I am writing to you in the hope that you can provide some assistance on obtaining a resolution to the ongoing SEC investigation into the fraudulent Ponzi Scheme perpetrated by the McGinn-Smith Company on a group of investors many of whom are unsuspecting retirees.

I refer you to the following case:

Securities and Exchange Commission v. McGinn, Smith & Co. Inc., et al.
Case No. 1:10-cv-00457-GLS-CFH

This entire debacle by McGinn-Smith was brought to light in 2008.

On April 20, 2010, William J. Brown, Esq. was appointed temporary Receiver.

To date, we, the taxpayer victims have written letters to Judges, the Receiver, Congressmen, and Senators in an apparent vain attempt to obtain justice in this matter.

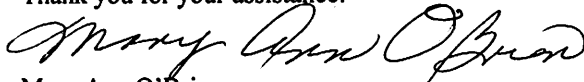

We began to have some hope for resolution when the Securities and Exchange Commission took action in the McGinn-Smith fraud investigation. So far, all we have seen as a result of the actions of the Receiver appointed by the Commission has been a series of payments made to lawyers, including those representing the Defendants in this matter.

These Defendants are still free while other perpetrators of similar crimes (such as Bernard Madoff) have long since been sent to prison.

Meanwhile, we the victims of their fraudulent activities continue to suffer in their retirement years with no recourse and no access to any of the funds that were stolen from us.

Won't someone in a position to help us, please help us?

Thank you for your assistance.

Mary Ann O'Brien
