RE: Case No. 1:10-cv-00457-GLS-~~REB~~ <sup>DAH</sup>

Dear Judge Homer

We being investors with this case live in fear that our investment will be lost. It has been a long drawn out action. I log in every week however the legal language baffle us. In today's world the little guys suffer so much because of the greed of the wealthy. We worked very hard to raise our children and put aside for our retirement. We trusted these people with our money and now we have to think about going to work to bag groceries or work at Wal-Mart. This is so unfair, the accused are living and enjoying life while the small investors try to stretch the dollars to pay our bills and eat. Our house is modest, our enjoyment time my be just visit with friends to play cards or talk.

If and when resolved I hope you rule that the small investors, like us, are satisfied before the wealthy and the lawyers etc.

I pray everyday to St Anthony, patron saint of the lost or stolen things, that our investment will be return to us and we as seniors can survive this world.

Thank you for your attention and for letting me vent.

Thank You
